

LIBRARY HAPPENINGS

CHRISTCHURCH CITY LIBRARIES HAS ALWAYS BEEN MORE THAN A PLACE TO READ OR BORROW BOOKS.

In the early days of the Mechanics Institute, lectures and classes were held for members to encourage self-improvement and education. Travel talks were popular, along with literary addresses that became the author visits of more recent years.

Since 1924, Storytimes has been a regular feature, and recently Babytimes has been introduced to encourage a love of stories and learning in the very young.

Book weeks, musical performances, kapa haka, holiday programmes, reading promotions and library celebrations – brought to you by your library for the last 150 years.
