*eBooks on your
eBook reader or computer*

Christchurch
City Council

Reading books on an eBook reader or computer is a convenient way to enjoy the pleasures of reading. Christchurch City Libraries offers the following eBook collections:

- Askews
- OverDrive
- Wheelers

Getting started

- Install Adobe Digital Editions (ADE) on your computer:
www.adobe.com/solutions/ebook/digital-editions.html

During the set-up process you will be prompted to create an Adobe ID and to authorise your computer and eBook reader. You may also be asked to sign up for an OverDrive account. Follow the onscreen prompts to complete this process.

Many titles can be read in your computer's web browser without using ADE – just checkout and choose the Read option.

Download and transfer to your eBook reader

- Connect your eBook reader to your computer
- Go to: christchurchcitylibraries.com
- Select 'eResources' and then 'eBooks, eAudiobooks, eMagazines' under the Essentials tab
- Choose an eBook collection; Askews for British, Wheelers for NZ and OverDrive from around the world

OR

Search the library Catalogue for eBook titles from all our collections

- Log in using your library card and password (PIN)
- Select, checkout and download eBooks (select 'Open' if prompted)
- Open ADE and transfer the book to your eBook reader (either "drag and drop" or right click on the title and transfer)

Need more help?

Phone 941 7923 to find out about:
