

Mr Rowntree has proved a zealous & loyal supporter of the Library from its inception. His Landmark is visible in many places within the building.

Mr C. P. Rutland, is as regular in his attendance to his duties as the evening of the Sun, as one of our most respected members. For 25 years he has been on our Committee.

Mr A. Marshall, took an active part in the work of the library, for many years, but for some time now has been content to fill the role of subscriber only, but we are always pleased to see him, & ~~to hear his views~~ to chat about both the past & present.

Mr J. W. Mc Kay is another old resident in the district & his interest in our library is as keen as in 1909. but like Mr Marshall, is satisfied to be a subscriber & thus enjoy a little of the fruit of early planting.

Mr Chappell moved to Rangwood early in 1910, but his work as Sec of the Provisional Comm in 1908-9 was invaluable & his removal from was a heavy loss to the Lib.

Mr Harvey is not often seen in the library, but is still interested. He was the first Sec of the library.
