

18. FIRE SUPPORT & AERIAL OBSERVATION. Arrangements made for Fire Support and Aerial Observation will be issued as a supplement to this order in due course.

19. MEDICAL ARRANGEMENTS A Casualty Clearing Station will be established on the beach in the vicinity of the Northernmost landing place. This Station will take the place of tent sub-divisions of Field Ambulances till such time as these are landed.

20. DISPOSAL OF MEN UNFIT. All men unfit for disembarkation will be transferred to the Stationary Hospital before leaving MUDROS; any men unfit while at sea will be transferred to the Hospital ship "SHEANGCHUN" (A 31), as opportunity offers, under arrangements to be made by the Military Transport Officer of the Transport

21. DISPOSAL OF ANIMALS UNFIT. No animals unfit for duty will be landed.

22. PACKAGE GUARDS, DISPOSAL OF HOLD PARTIES. A small party from each unit will be left on each transport to take charge of Regimental Baggage and Stores remaining on board.

Men unfit to land will naturally be selected for this duty.

Hold parties, Military Transport Officers, and their Signal Party remain on board until the last of Echelon "C" have landed. They will then be transferred under Naval arrangements to the "SHEANGBEE", under command of Captain HOULKER, New Zealand and Australian Division, taking with them the sick remaining in their transports.

23. DISSEMBARKATIONS OF ECHELONS "B" & "C".

Vide Appendices V and VI.

24. POSITION OF DIVISIONAL HEADQUARTERS Reports to Divisional Headquarters which will disembark in the first boat and whose position on shore will be notified to units as they disembark.

W. G. Braithwaite; Lieut.-Colonel,
General Staff,
N.Z. & A. Division
