Mango Mobile Library Edition iPhone App

Mango Mobile Library Edition is the fast, easy and effective way to learn to speak a language while you're on the go.

To get started using Mango on your iPhone®, iPod touch® or iPad®, download the FREE app from the iTunes® App Store, launch it and login with your library user name and password. You'll have access to all the same courses as you do through your library's website and the lessons themselves work just like the online Mango lessons. Just touch the screen to reveal answers, see literal and understood meanings, hear pronunciations and keep learning!

mángo®
languages

Search for "Mango Languages" in the iTunes App Store to download, or visit your library's website for more info.
