Nelson
Dec. 6th.

Dear Sir,

We are hoping to commence a library in this little country place & I was asked if I could give any information on that head. Having been in Linwood when your library started, & my sister having been a member from the commencement, I know how wonderfully that library has gone ahead, so wondered if you would be kind enough to jot down a few notes that would be a help to us in making a start. You could either hand them to my sister, Miss Parker, or address them to Mrs. J. Dixon & above address. Thanking you in anticipation for your kindness,

I am

Yours sincerely
E. M. Dixon.
