To Director of Education
Wellington

Dear Sir

In reply to your Circular No 1917
Re Reading Matter for School Children
Known as the Buffalo Plan
at a meeting of my Committee held
on Tuesday June 19th 1917 it was
resolved that we could not fall
in with your suggestion at present
we presume that we are expected to
buy for these books & keep them in
repair and as our Income is mainly
derived from subscribers mostly
subsidised to a certain amount
by the Council our funds at
the present would not warrant
the extra expenditure.

Thanking you for the Circular
I remain yours Respectfully
W. Bridgley
