Before proceeding with the Library Business at our meeting held on Tuesday last the President made feeling reference at the loss the Library had sustained by the death of Mr G W White who had been such an active & useful member & he was sure that we would all feel his loss very much & that our deepest sympathy be forwarded to you in your sad & sudden bereavement.

As a mark of respect the Committee were asked to stand in silence for a space.

In conclusion I may add my own personal sympathy.
