also take upon itself to send out sufficient small  
change for the use of the Colony. Mr Buttan then  
concluded by moving the following resolution.

"That this meeting, considering it of great im-  
portance that immediate steps should be taken  
to secure the establishment of a Bank at Lyttelton  
and a proposition to that effect having been  
made by the Union Bank of Australia, the  
conditions of which appear to this meeting  
reasonable, do request a deputation of the Council  
to wait on the Directors of the Bank and to  
conclude such arrangements as they should con-  
sider necessary for the immediate carrying out  
of this object." Mr Campbell having recorded  
this it was carried unanimously.

The Chairman then urged on the Colonists the  
importance of establishing a newspaper imme-  
diately on their arrival in the settlement, ~~and~~

Mr Sewell then said that he wished to say  
a few words concerning the Ecclesiastical and  
Educational Fund. He said that he was  
afraid that for some short time the funds aris-  
ing from the land-sales for Church and  
Educational purposes would not be adequate to  
all the wants of the whole Colony. He sug-  
gested it might be advisable to adopt a  
principle as regarded that fund, similar to  
that adopted by the Church Building Societies,  
namely making it to some extent auxiliary to  
other funds raised by the Colonists themselves.
