

Thursday 29th

This guard is a good catch.
Am on for all the time we are
out. There are six of us here and
only one post so we have 2 hrs on
and 10 off. Food is real good.

Friday June 30th

We are having a fund easy
time. Can go out for a walk
when not on. Capt Courington
is on the staff here. Major
carried out a successful road
to night post office. Brought
back 10 prisoners.

Monday July 3rd

Fritz came over & attacked such
to night, but was driven back.
He also sent some heavy shells
into the town, several of them
landed very close to headquarters.
We were all ordered into the cellars.

Our battallion was on its way up
to the trenches and had to take
shelter till the fire ceased. Suchland
had numerous casualties.

Tuesday July 4th

We were relieved from the guard
this morning and joined our
company in the trenches. I am on
a night watch in a machine
gun salient

last Wednesday July 5th

The night passed very quietly.
Had a sleep most of the day.
The water was prepared for us
but was washed out. Had
a gas alarm about midnight
but did not get any gas near us.
My transfer to Lewis gun
section came out on order tonight.
I have to join them up in the
morning.

Thursday July 6th

Joined Lewis gun this morning
I am on same gun as Phil
Bare. Soon got settled down
and took my watch in the bay.
Fritz gave us a very heavy shrapnel
during the night, but our team
all escaped safely.
