

1867

Ch. W.

June 13. 1867

My dear Sir

I am afraid it would be
acknowledged after all the experience
we have had that there is no near well
hope of restoring the Debating Society to
the position of interest & usefulness it
was intended to occupy & that the
best thing to be done is to wind up
as quickly as possible. I have been
about to come to this conclusion but I
have come to it.

Yours &c

Chas. L. Foster
