# CHANGES IN STAFF.

A full list of the names of the Officers and other ranks who have been with the unit during the year, showing the time of their joining or leaving the unit is appended. If the date of joining is not stated the members have been with the Unit since it commenced in July; those not marked to the contrary are still with the Unit. It may be mentioned in connection with Reinforcements that have arrived from time to time that these have not been sent from any particular hospital or Unit to reinforce us, but have simply been sent to make up our strength by the Director of Medical Services under whom our Unit was working at the time.

In numbers the changes in staff may be briefly summarised (approximately), as follows :--

### SUMMARY OF CHANGES IN STAFF DURING THE YEAR.

### ENDED MAY 22nd, 1916.

				0	fficers l	Other Ranks	Officers	Other Ranks.
Arrived at Port Said							8	86
Staff added by increase to 400 Staff added to replace those los	st by si	pital, O	tober, I H. M. T	915 C. S.			4	51
