

[2 April 29 1/7]

The Sub Committee appointed by the General Committee of the Mechanics Institute beg to report as follows =

1st The sub Committee have visited the building site and on examination find that there will be a considerable quantity of surplus earth. They recommend that the surplus earth be used for filling in the hollow space in front of the sections.

2nd The sub Committee have had a conference with the Town Surveyor and that gentleman has promised to recommend in his report for Monday next that for sanitary reasons the stagnant water lying in front of the sections should be removed and the holes filled up. and that the Municipal Council pay one half the cost of such work.

3rd The sub Committee beg to suggest the advisability of cooperating with the "Municipal Council" in carrying out such work on conditions that the Municipal Council will undertake to pay one half the cost =

4th The sub Committee have enquired into the amount of funds at the disposal of the Committee and find the amount as follows

130 Shares at £5	—	650. 0. 0
Government Grant	—	£ 500 0 0
