

M

The Norwich Union Fire Office After more than a century's existence is able to offer the insuring public the utmost advantages which the system is capable of supplying. By carefully selecting their business, by tabulating their experience in all its branches, and by strict economy in management, the Directors are able to insure property at the **LOWEST RATES** compatible with the security of the assured and the stability of the Office.

iv.

The benefits to be derived by the public from Insurance against loss by Fire are so great and numerous, when compared with the trifling cost, as to render it an imperative duty for all to avail themselves of the protection afforded by this Institution against the destructive ravages of Fire, which in a few minutes may lay waste the fruits of a whole life of industry.
