

GEORGE D. LOCKHART,  
 STOCK, STATION,  
 AND  
 General Commission Agent,  
 AND  
 AUCTIONEER,  
 COLOMBO AND HEREFORD STREETS,  
 CHRISTCHURCH.

**Railway Station Sale Yards.**

The Yards have been erected at a great expense, and for Accommodation and Drafting Purposes are surpassed by none.

The Sheep Yards are likewise complete, and are confidently recommended to  
**Shippers and Owners of Stock.**

THE CATTLE YARDS WILL HOLD 500 HEAD OF CATTLE.

THE SHEEP YARDS WILL HOLD 3000 HEAD AND UPWARDS.

From the convenient position of these Yards, being close to the Christchurch Railway Station and scarcely half a mile from the centre of the Town, and, upon completion of the Tunnel (which is anticipated shortly), importers of stock may then, without inconvenience, deliver out of the Railway Trucks into these Yards. And the same may be said of the Great Southern Railway, likewise likely to be completed before any length of time.

G. D. L. has thoroughly experienced Judges of Stock constantly in his employment, and careful Stockmen are always engaged to attend to any Stock committed to his care.

**ADVANCES**

Will be made to Shippers and Owners of Stock placed in his hands for *bona fide* sale; and the greatest attention paid to either large or small numbers of all descriptions of Stock.

**ACCOUNT SALES**

Immediately rendered; and the Charges are reduced to the lowest possible calculation.
