EXTRACT FROM LAST REPORT.

"The present aspect and future prospects of the Life Branch remain as promising as ever."

The Report shows the new business in Life Assurance for 1863 to have amounted to £752,546, being an advance of £24,069 over the previous year. The half-year of 1864, however, far outstrips the ratio of progress indicated by these figures, as the sum assured for that period of six months only actually exceeds half-a-million sterling. The Life and Annuity Fund have been augmented by the large sum of £124,165 7s. 5d. within the limits of the past year.

The Undersigned having been appointed Agents for the Royal in Canterbury, are prepared to make Insurances on Buildings and other Property at Current Rates, and on Lives on the most advantageous terms.

All risks rated upon their own merits, and losses promptly settled on the spot.
